The following maps and charts, prepared, with the exception of No. 1, from reports which have been received from the State Divisions, show the remarkable growth of the Woman's Committee during the first year of its existence. In spite of many difficulties, the organization has extended until its local units now number 11,276.

It is the hope of the Committee that only a short time will elapse before every woman in the United States and its Insular Possessions will be included in its organization.
